

offices & personnel

Located on the Sunshine Coast in Queensland, Tracknology coordinate their national efforts and customer support from their primary office of almost 300 square metres.

As a Workforce Solutions company, our expertise allows us to maximise our sales resources and customer support using mobile technology, 'cloud services' and internet connectivity.

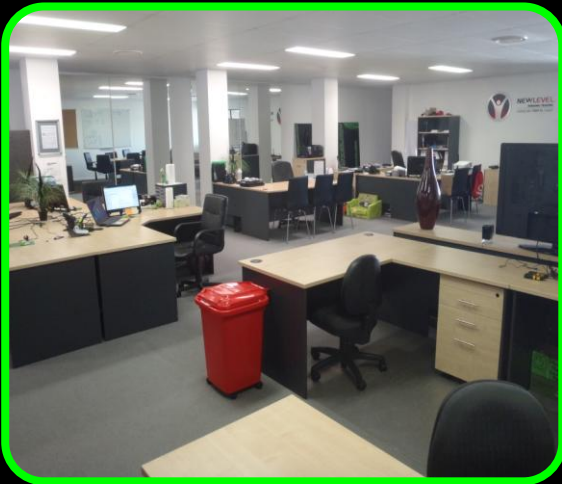

Stephen Walsh

Founder of Tracknology, and Director of Products & Sales, with a strong background in logistics, technology, operations efficiency & business process improvement via automated processes.

Lisa Calder

Co-Founder and Director of Administration & Finance, Lisa comes from a background in Human Resource Management, Finance and Office Management, and oversees our internal operations.

Our staff

Lisa, Kayla, Vicki, Dwayne, Josh, Marco and Corey lead a dedicated team of professionals to satisfy our customer and client needs, to ensure we deliver 1st class services in a timely & efficient manner.
